Pia Göhlich
HR Generalist

karriere@m3connect.de
+49 (0) 241 - 980 986 67
Friedlandstraße 18
52064 Aachen, Germany

WiFi the world with us.

Your tasks

- Coordination, planning and consulting of the trade fair and the organisers for the construction of our network infrastructure
- Configuration of the various active network components including WLAN controller, router, switch and access points
- Monitoring of the network infrastructure during the events to ensure smooth service and analysis and resolution of customer-specific problems before and during the events, and
- construction and dismantling of the network infrastructure in the exhibition halls (e.g. cabling) as well as organisation and planning of the material required for this purpose
- Ongoing training opportunities and experimentation with new technologies to increase automation and customer satisfaction

What we expect

- Successfully completed vocational training as IT specialist for system integration (m/f/d) or initial professional experience in a comparable field
- Experience in networks (LAN, WLAN), TCP/IP, routing, switching as well as network analysis and troubleshooting on packet level
- A high degree of self-organisation, problem-solving and analytical competence, solution-oriented work and manual skills
- High reliability and commitment to colleagues and customers, clear and structured communication, a high degree of flexibility and personal engagement

Who we are

Our team of over 100 forward-thinking professionals offers crucial assistance in shaping the progress of technology. Our innovative network designs, infrastructures and services have been connecting people around the world for more than 15 years.

As one of the largest wireless internet service provider in Europe, we operate branch offices in Aachen, Karlsruhe, Rosenheim, Berlin, San Francisco and Sibenik.

What we offer

- Familiar environment
- Individualised advanced training opportunities
- Overtime compensation
- Free fruit and beverages
