Friedlandstraße 18  
52064 Aachen, Germany

## WiFi the world with us.

### Your tasks

- The planning and installation of technical systems as part of our m3connect product portfolio, from the initial requirements analysis to final quality control
- The configuration, installation and commissioning of network components, as well as components from TV/ SAT system technology, telephony and EDP
- The execution of maintenance tasks and troubleshooting
- Close cooperation with sales, project management, internal departments, external service providers and subcontractors

### What we expect

- min. 3 years of professional experience in a similar position and a successfully completed vocational training in IT, electrical engineering, telecommunications or media technology
- Comprehensive experience in network planning and configuration
- You are a motivated self-starter, are willing to learn, work independently and are good with your hands
- You have a confident and friendly demeanour towards customers
- You have good language skills in written and spoken German and English
- You are willing to travel

### Who we are

Our team of over 100 forward-thinking professionals offers crucial assistance in shaping the progress of technology. Our innovative network designs, infrastructures and services have been connecting people around the world for more than 15 years.

As one of the largest wireless internet service provider in Europe, we operate branch offices in Aachen, Karlsruhe, Rosenheim, Berlin, San Francisco and Sibenik.

### What we offer

- Central location near the main railway station Aachen
- Familiar environment
- Individualised advanced training opportunities
- Overtime compensation
- Company car
